Please list any audio visual equipment or other specialized equipment you will require.

Please describe in detail the activities and content provision you are offering.

Content provider Participation

All content providers must register with ThunderCon prior to the event, if they wish to participate. Two or more content providers registering under one name is strictly prohibited.

Badges

Content provider badges MUST be worn at all times. Content providers are not allowed to lend, borrow or sell their badges at any time during the event. Any content provider caught doing so will be asked to leave.

Sound Limitations

Any audio playback, such as music or sound effects, should be kept at a volume level that does not cause noise pollution to adjacent booths. An agreement may be reached with neighboring booths in regards to extending the audible range, if beneficial to all parties.

Display Parameters

Content providers must respect the space boundaries they are provided and cannot expand beyond any dimensions allotted.

Dispute Resolution

Should a dispute arise between content providers, the ThunderCon policy that most closely relates to the dispute will be followed. If the matter of dispute is not covered by any of the existing policies, the Content provider Coordinator will be responsible for mediating conflict resolutions and creating new guidelines to resolve the issue in a just manner. No action will be taken until both parties have had a chance to make their case. If a content provider chooses to disregard the decision of the Content provider Coordinator and continues to engage in the behavior under dispute, they will be asked to leave ThunderCon, and will not be refunded their booth fee. If a content provider is removed from the convention for violating this policy, they will also be suspended from the following year's event. Repeat offenders risk being blacklisted in perpetuity from all future ThunderCon events.

Smoking/Other Substances

Smoking is not permitted inside the Valhalla Inn. Smoking is only permitted in outside designated areas. Consumption of alcohol, illegal drugs or drug paraphernalia is strictly prohibited from ThunderCon.

Fire Code

All content provider displays must meet fire codes, and may be subject to fire marshal inspection. No portion of a display, boxes, materials etc., shall obstruct any aisle or doorway. All fire extinguishers, hose cabinets, fire exits or fire alarms cannot be blocked or covered at any time during the convention.

Adult Materials Policy

Content providers agree not to sell or distribute any adult material to minors. All "Adults Only" material must be either behind the table, or if displayed, must be bagged and/or covered, so that minors cannot open it. Any adult material depicting nudity or sexual conduct must be covered (blinded). Adult videos and magazines are not to be openly viewed or displayed.

Liability and Security

ThunderCon and the Valhalla Inn are not responsible for any theft or loss. Content providers are responsible for their own security during the show hours. There will be security provided during "closed" hours of Diagon Alley. The Content provider agrees to protect and hold ThunderCon, the promoter of the event, forever harmless from any damage(s) or charge(s) imposed for violations of any ordinance or regulation by the Content provider, his/her employees or agents, as well as failure to comply with the terms and agreements of this contract. Further, Content providers shall at all times, protect, indemnify, and hold harmless ThunderCon against and from any loss, cost, damage, liability, or expense which arises out of or from by any reason, on any acts or omission of the Content provider, his/her employees or agents.

In the event that the ThunderCon or any part of the event space thereof is unavailable, whether from the entire event or a portion of the event, as a result of fire, flood, snowstorm or any other such cause, or as a result of governmental intervention, malicious damage, acts of war, strike, labour dispute, riot or agency which ThunderCon has no control, or should ThunderCon decide that because of any such cause, it is necessary to cancel, postpone or re-site the event, or reduce installation time, exhibit time or move out time, ThunderCon shall not be liable to indemnify or reimburse the content provider in respect of any damage or loss, direct or indirect, arising as a result thereof.

ThunderCon shall have the full power in the interpretation and enforcement of all contract regulations contained herein, and the power to make such amendments thereto, and such further rules and regulations, as shall be considered necessary and proper. The foregoing represents the agreement between the undersigned Content provider and ThunderCon for the convention held October 27-28, 2018.

If a content provider chooses not to abide by con policy, ThunderCon is not held responsible for any legal action that may arise.
