

ThunderCon Board of Directors

Being entirely volunteer run the ThunderCon Board of Directors functions a little differently than most non-profit organizations. Directors serve as both the governance and executive committees and are responsible for the overall management and direction of the organization as well as daily operations. Directors are elected annually and provided with their mandate to govern by paid members of the organization who entrust the appointments of key management and volunteer positions to the decisions of the Board. The ThunderCon Board intends to reflect its unique governance model by referring to its Board Members with less modern corporate styling, instead adopting the roles of a fantastical medieval court.

The ThunderCon Board consists of the following roles:

Chancellor – combines the roles of Board Chair and Executive Director

Castellan – combines the roles of Board Secretary and Vice-President

Keeper of the Seal – combines the roles of Treasurer and Director of Finance

Constable (x2) – combines the roles of Director and Operations Manager

Chamberlain – ex-Officio, non-voting member of the Board, this role provides a means to transfer experience to voting directors and is appointed and confirmed through member election

Note: Upon election, the Board of Directors will be responsible for reviewing and appointing Executive (Ops) Team Leads, whom shall be henceforth be known as Knights of the Realm
